High Points:

Powerful Performance:

Equipped with Android 13, Qualcomm Snapdragon 665 Octa-Core Processor, 8GB RAM, and 128GB ROM, delivering smooth, fast, and responsive operation on a 13.8-inch HD touchscreen.

Seamless Connectivity:

Supports Wireless Apple CarPlay, Android Auto, Mirror Link, and Bluetooth, allowing easy phone integration for navigation, calls, music, and hands-free communication.

Smart Navigation and Entertainment:

Built-in GPS with online/offline map support, 4G SIM card slot, and WiFi for internet access, real-time traffic updates, and streaming services like YouTube, Spotify, and more.

Enhanced Safety and Control:

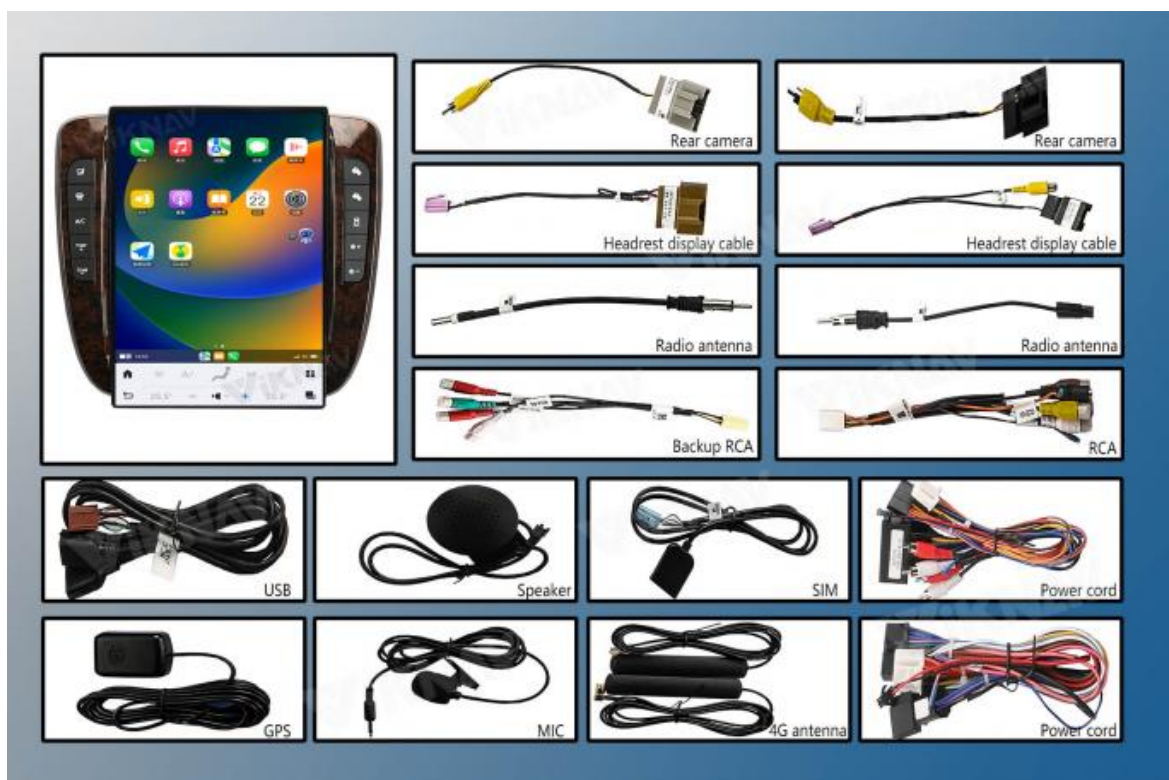

Features original steering wheel control, rear/360-degree camera support with AHD output, and multi-language support for a safer, more convenient driving experience.

More Specifications:

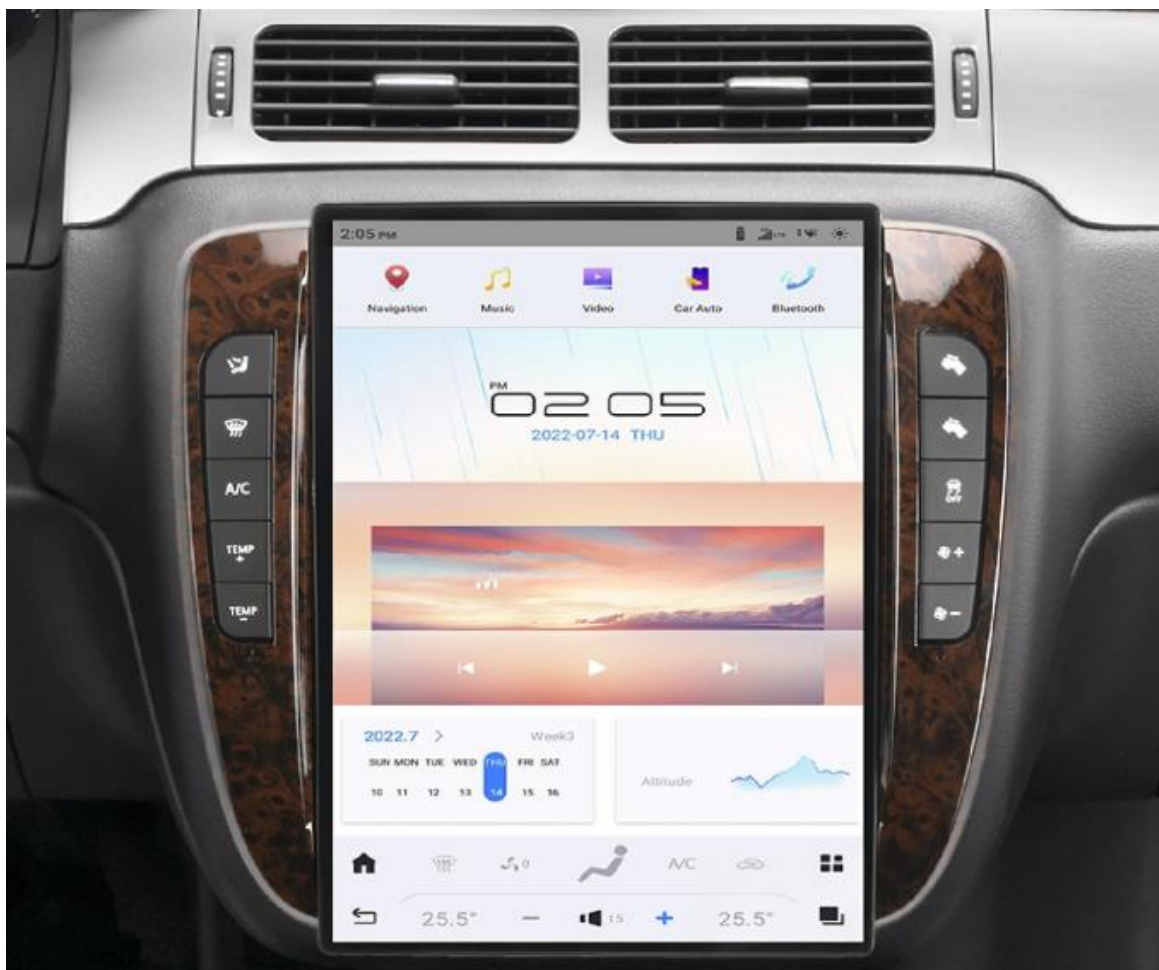

Wireless Apple CarPlay & Android Auto	Connect your smartphone wirelessly for easy access to navigation, calls, messages, music, and more, while staying focused on the road
Mirror Link Support	Mirror your phone's screen through USB or hotspot connection, enabling access to apps, GPS, media, and more directly on the car's display
High-Performance Processor	Powered by Android 13 and Qualcomm Snapdragon 665 Octa-Core Processor with 8GB RAM and 128GB ROM for smooth, fast performance
HD Touchscreen	Features a 13.8-inch full IPS capacitive touch screen with 1920x1200 resolution, supporting 4K video playback and offering an intuitive interface for easy operation
Bluetooth Connectivity	Stream music from your phone, make hands-free calls, and enjoy wireless audio through the car's speakers with Bluetooth
GPS Navigation	Supports both online and offline navigation with apps like Yandex, Navitel, IGO, and Waze, including real-time traffic updates and dual-zone functionality for multitasking
4G SIM & WiFi	Built-in SIM card slot and WiFi support for internet access, real-time map updates, and app downloads, turning your car into a mobile hotspot

Rear & 360° Camera Support	Includes AHD backup camera with night vision, HD display, and dynamic guidelines for safe reversing and parking, plus support for a 360-degree camera system
Steering Wheel Control	Allows you to control music, radio, and volume directly from your steering wheel for hands-free convenience and safety
Multi-Language Support	Supports up to 70 languages, including English, German, French, Spanish, Chinese, Japanese, and more, for global usability
