High Points:

Advanced Performance

Features Android 13 with 8GB RAM and 128GB ROM, ensuring smooth operation with a 12.3-inch HD IPS touchscreen that supports 4K video.

Smart Connectivity

Supports wireless Apple CarPlay and Android Auto, allowing hands-free phone functionality and easy access to navigation, calls, and music.

Multimedia and Navigation Support

Includes GPS navigation with offline maps, supports major navigation apps, and allows playback of various media formats via USB and Bluetooth.

Enhanced Safety Features

Integrates with a high-definition rear view camera, retains original steering wheel controls for convenience, and supports multiple languages for diverse users.

More Specifications:

Smartphone Connectivity	Supports wireless Apple CarPlay and Android Auto, enabling hands-free access to navigation, calls, messages, and music through voice commands or touch
Mirror Link Functionality	Allows mirroring of Android devices via USB or hotspot, with two USB ports for media playback and fast charging
Bluetooth Capability	Facilitates wireless audio streaming and hands-free calling, featuring an external microphone for clear communication through the car's audio system
WiFi and 4G Connectivity	Equipped with a SIM card slot and built-in WiFi, enabling internet access for real-time navigation updates, app downloads, and streaming services
Comprehensive GPS Navigation	Includes an external GPS receiver with bundled navigation, supporting multiple navigation apps and dual-zone functionality for simultaneous use of navigation and media
Multimedia Playback	Supports a variety of audio and video formats, allowing access to streaming services and local media through Bluetooth and USB connections
Steering Wheel Control Retention	Maintains original steering wheel controls for convenient access to essential functions without distractions
Rear View Camera Integration	Compatible with a high-definition AHD backup camera, featuring night vision and dynamic guidelines for enhanced visibility and parking assistance
