High Points

Advanced Intelligent Cockpit

Fitted with the latest Linux system (T507), this cockpit boasts a 4-core CPU (1.5GHz), 1 GB RAM, and 4 GB ROM. It upgrades the original instrumentation with an 11-inch high-definition display (1920 x 720), ensuring seamless integration specifically tailored for BMW 3 Series E90-E93 models.

Intuitive Steering Wheel Control

Easily manage various functions using the steering wheel buttons. This design enables drivers to adjust settings like trip counters and display modes without any distractions.

Customizable User Interface

Select from four driving theme styles—Digital, Classic, Aviation, and Sport. The interface provides options for personalized colors and content, greatly enhancing the driving experience.

Comprehensive Vehicle Monitoring

Track essential metrics such as speed, RPM, and fuel consumption. The system also delivers alerts for vehicle status and is compatible with original vehicle functions, featuring a straightforward plug-and-play installation.

More Specifications:

High-Definition Digital Display	Upgrades to an 11-inch screen with a resolution of 1920 x 720 for improved visibility
Steering Wheel Control	Enables intuitive management of functions, such as resetting trip counters and switching displays, using steering wheel buttons
Customizable UI Themes	Provides four driving styles (Digital, Classic, Aviation, Sport) with options for personalization in color and display content
Speed and RPM Monitoring	Displays current vehicle speed and engine RPM for optimal performance management
Real-Time Fuel Consumption Tracking	Shows live fuel consumption data to promote efficient driving habits
Multi-Function Data Display	Presents various intelligent metrics, including transmission temperature, oil temperature, and vehicle tilt
Warning Notifications	Alerts drivers about vehicle mileage, remaining fuel, and system malfunctions for timely action
Original Vehicle Compatibility	Supports original vehicle data and functions, including adaptive cruise control and lane-keeping features
Easy Plug-and-Play Installation	Quick installation process with a start-up time of under 2 seconds, requiring no additional setup
