High Points

Advanced Intelligent Cockpit

Features the latest Linux system (T507) with a 4-core CPU (1.5GHz), 1 GB RAM, and 4 GB ROM, upgrading to a 12.3-inch high-definition digital display (1920 x 720) for seamless integration in Mercedes-Benz E-Class W207 models.

Intuitive Steering Wheel Control

Allows easy operation of functions via steering wheel buttons, enabling quick access to settings like trip counters and display modes without distraction.

Customizable User Interface

Offers three driving theme styles (Classic, Sport, Off-road) with personalized settings for color and display content, enhancing the driving experience.

Comprehensive Vehicle Monitoring

Displays essential metrics such as speed, RPM, and fuel consumption, along with alerts for vehicle status and compatibility with original vehicle information, all featuring easy plug-and-play installation.

More Specifications:

Digital Display Upgrade	Converts original instrumentation to a 12.3-inch high-definition digital display (1920 x 720)
Steering Wheel Control	Enables intuitive operation for resetting trip counters and accessing menus using steering wheel buttons
Customizable UI Themes	Offers three driving theme styles (Classic, Sport, Off-road) with personalized color and content options
Real-Time Speed and RPM Display	Shows current vehicle speed and engine RPM for better performance management
Fuel Consumption Monitoring	Provides real-time fuel consumption data to promote efficient driving
Multi-Function Data Display	Displays various metrics including transmission temperature, oil temperature, and vehicle tilt
Warning and Alert Notifications	Sends timely alerts for vehicle mileage, remaining fuel, and system malfunctions
Original Vehicle Compatibility	Supports original data and error code displays, including adaptive cruise control and lane-keeping features
Easy Plug-and-Play Installation	Installs quickly with a start-up time of under 2 seconds, requiring no remote control matching
Multi-Language Support	Available in multiple languages to accommodate diverse users
