SuPPort SPliT Screen OPeration

Split screen feature enables you to use two applications at the same time,
For example running Navigation with Music Player or Radio with Navigation at the same time,
Optimum convenience for both the driver and passengers.

DAY AND NIGHT MODE

After starting with the small light immediately/automatically, the system will
automatically switch to the dark theme effect interface, no longer "blinding",
and driving at night is safer.

GPS Navigation

Latest maps data for 45 Eastern and Western European countries and POI Database. Note: We also have GPS Maps for USA, Canada, Israel, Australia, New Zealand, UAE and African Countries.

Extend Smart Phone to Your Car

Simply connect your smart phone to your head unit and be amazed on how incredibly intuitive it becomes to connect your iPhone onto its screen. Via the voice control function, everything is designed to bring the best out of your iOS or Android Phone and establish a close connection with the head unit.

BUILT-IN DSP

Built-in 16-segment EQ adjustment DSP sound effect processing system, a variety of preset sound effect modes, personalized customization belongs to your own music feast.

Built-in Bluetooth

Allows wireless connection of a mobile phone for hands free communication. For maximum comfort and driving safety, wireless audio streaming from phones and access to your phonebook is also enabled.
