High Points

Intelligent Cockpit Solution

Features the latest Linux system (T507) with a 4-core CPU (1.5GHz), 1 GB RAM, and 4 GB ROM, upgrading the original instrumentation to a 12.3-inch high-definition display (1920 x 720) for seamless integration in Mercedes-Benz C-Class W204 models.

Intuitive Steering Wheel Control

Enables effortless operation of various functions via steering wheel controls, allowing drivers to manage settings like trip counters and display modes without distraction.

Customizable User Interface

Offers three driving theme styles (Classic, Sport, Off-road) with options for personalized color and content settings, enhancing the driving experience.

Comprehensive Vehicle Monitoring

Displays essential metrics such as speed, RPM, and fuel consumption, along with system alerts and compatibility with original vehicle information, all while supporting easy plug-and-play installation.

More Specifications:

Digital Display Upgrade	Transforms original instrumentation to a 12.3-inch high-definition digital display (1920 x 720)
Steering Wheel Operations	Allows intuitive control for resetting trip counters and switching displays via steering wheel buttons
Customizable UI Styles	Provides three driving theme options (Classic, Sport, Off-road) with personalized settings for color and content
Real-Time Metrics Display	Shows current vehicle speed and engine RPM to assist with performance monitoring
Fuel Consumption Tracking	Displays real-time fuel consumption to encourage efficient driving practices
Multi-Function Data Display	Presents various intelligent data, including transmission temperature, oil temperature, and vehicle tilt
Warning and Alert Notifications	Notifies drivers of vehicle mileage, remaining fuel, and system malfunctions for timely maintenance
Original Vehicle Compatibility	Supports original vehicle data and error code displays, including adaptive cruise control and lane-keeping
Easy Installation	Features a plug-and-play design with a quick start time of under 2 seconds
Multi-Language Support	Available in multiple languages for enhanced accessibility and user experience
