### Features

Safety: LED DRL provides you with a decisive safety leap in road traffic and helps prevent 58% of accidents.

Durability: Professional housing design with heat sink at the back of the lamp ensures LEDs not over heated and have longer life span.

Waterproof: With reverse polarity protection and open circuit protection, 100% waterproof and shock resistant.

### HOW TO CHOOSE AND INSTALL THE LED DRL FOR MY CAR?

CHOOSE RIGHT MODEL – This is really important, you need to double check the picture and make sure that your car's factory led daytime running light shape is 100% identical to our pictures.

DO NOT buy if they are different shapes or there is no place to put in the DRLs.

HOW TO INSTALL – All of our DRL products are after-market products so they DO NOT come with any instruction manual, professional installation is highly recommended. You can contact us if you have any problem installing the DRLs
