High Points:

Powerful Performance and Display:

Equipped with Android 13, Qualcomm Snapdragon 665 processor, 8GB RAM + 128GB ROM, and a 15.6-inch HD IPS touchscreen (1920x1440 resolution), providing a seamless, high-quality experience with fast processing and 4K video support.

Wireless Connectivity and Smart Features:

Supports wireless Apple CarPlay & Android Auto, allowing you to connect your phone for navigation, calls, messages, and music hands-free. Also includes Mirror Link, Bluetooth, Wi-Fi, and 4G SIM card support for internet access and real-time updates.

GPS Navigation and Media Support:

Built-in GPS with offline maps, real-time traffic updates, and support for multiple navigation apps. Stream music and videos from services like Spotify and YouTube, or play media files in various formats.

Safety and Convenience Features:

Includes original steering wheel control, support for rearview and 360° cameras, and dynamic guidelines for easier parking. The system also offers a multi-language interface, supporting up to 70 languages for global use.

More Specifications:

Wireless Apple CarPlay & Android Auto	Connects your iPhone or Android phone wirelessly for hands-free navigation, calls, messages, and media
Mirror Link	Mirrors the content of your smartphone on the screen, allowing access to apps, maps, and media
GPS Navigation	Built-in GPS with offline maps and real-time updates, supporting multiple navigation apps like Yandex, Navitel, and Waze
Wi-Fi & 4G SIM Card Support	Connect to Wi-Fi or insert a SIM card for internet access, enabling app downloads, map updates, and streaming
Bluetooth Connectivity	Allows wireless music streaming, hands-free calls, and audio from your phone through the car's stereo system
Rearview and 360° Camera Support	Includes an AHD rearview camera with night vision and dynamic guidelines for parking assistance

Steering Wheel Control Integration	Allows you to control volume, skip songs, and change radio channels directly from your car's steering wheel
Multi-format Media Playback	Supports various media formats, including MP3, MP4, AVI, FLAC, and streaming from apps like YouTube and Spotify
Multi-Language Support	Offers up to 70 languages, including English, German, Spanish, Chinese, and more, for global accessibility
